Adèle  
L1 Francfort

“  
Dauphine is a very good university and I feel very lucky to have the opportunity to be part of this program. I was a bit anxious at the beginning because I wasn't sure to be able of learning only in English or German but it appears to be easier that I thought. We are close to the teachers and whenever we encounter comprehension problems they are ready to help us. Moreover, the size of the class allows everyone to feel rapidly integrated.
