Erwan
Student L2

“ **E**ste año ha sido interesante para mí en tres puntos principales. El primer punto es la riqueza de la enseñanza en dos lenguas extranjeras, que permite no sólo progresar en cada lengua, sino también pasar fácilmente de una a otra. El segundo punto es el fuerte vínculo que rápidamente se forjó con otros estudiantes del programa. Esta fuerza se debe probablemente a la distancia de nuestro entorno habitual. El tercero es el ambiente de Madrid, una ciudad estudiantil y festiva, donde te sientes seguro. ”

Flavie
Student L2

“ **H**ello! I'm Flavie and I am a student at Dauphine Madrid. I really liked my first year in Madrid because, first of all, the city is amazing. This is a very international and active city where you will discover Spanish culture, Spanish people and all the events happening every week in the city. Also, as Dauphine students, we have the change to study on the campus of the UC3M, which offers many facilities such as sport installations, cafeteria... And finally, the program is very comprehensive, and the classes are held in English or Spanish by local teachers, in small classes of 30 students. Come to Dauphine Madrid and you will not regret the experience! ”
